Following the publication of the original article [1], it was brought to our attention that an error had been introduced during typesetting. In the article [1], Eq. 2 was the duplication of Eq. 1.

The correct Eq. 2 should have been:

$$F_1 = 2 \left(\frac{1}{S_n} + \frac{1}{PPV} \right)^{-1}$$

The original article [1] has been updated.
