Following publication of the original article [1], several errors were reported in the “Evaluation procedure” section, and in Table 4 and Table 8.

In the “Evaluation procedure” the error concerned the first two equations, and the incorrect and correct versions are given below:

$$P = \frac{TP+FP}{TP} \text{ has been corrected to } P = \frac{TP}{TP+FP}$$

$$R = \frac{TP+FN}{TP} \text{ has been corrected to } R = \frac{TP}{TP+FN}$$

In Table 4 the value for the total number of Annotated sentences, 14,051, was missing and has now been inserted.

In Table 8 the missing value for the ‘Test’ column for the row of ‘All’ Tokens, 58,300, was misplaced in the ‘Results of the experiments’ section. This has now been placed in the correct cell.

The original article has been updated.
